0007: Security Light

AVAILABILITY

Available to Consumers who have existing Company-owned lights, subject to the established rules and regulations of the Seller. After termination of existing service, service from new Company-owned lights will not be provided.

TYPE OF SERVICE

100 watt and 200 watt security lighting

MONTHLY RATE

100 watt security light $9.29
200 watt security light $14.11

Power Cost Adjustment: All kWh @ Determined by Seller, based on assumed consumption of 70 kWh for 100 watt devices and 158 kWh for 200 watt devices

POWER COST ADJUSTMENT

The Seller shall determine the Power Cost Adjustment subject to power supplier charges and credits.

CONDITIONS OF SERVICE

1. The Seller shall maintain existing security lighting equipment, including lamp, bracket attachment and control device on an existing pole of the Seller, electrically connected so that the power for the operation of the light does not pass through the meter for the consumer’s other usage.
2. The Seller shall maintain the lighting equipment including lamp replacement, at no additional cost to the consumer within a reasonable length of time after the consumer notifies the Seller of the need for maintenance of the lighting equipment.
3. The lighting equipment shall remain the property of the Seller. The consumer shall protect the lighting equipment from deliberate damage.
4. The consumer shall allow authorized representatives of the Seller to enter upon the consumer’s premises and to trim trees and shrubs as necessary for maintenance of the lighting equipment and for removal of the lighting equipment upon termination of services under this schedule.

MONTE: Industrial Power Service (501 - 5000 KVA)

AVAILABILITY

Available to consumers account 380805 requiring 501 kVA or more, but less than 5000 kVA, of transformer capacity for all types of usage, subject to the established rules and regulations of Seller.

TYPE OF SERVICE

Three-phase provided at Sellers primary distribution voltage or at the Sellers secondary distribution voltage.

RATE

1. Monthly Service Charge: $ 5,391.03
2. Demand Charge: $ 10.38 per kW of monthly billing demand
3. Energy Charge: The first 1,444,775 kWh @ 3.192 cents
4. New Large Load: All kWh over 1,444,775 @ 4.393 cents
5. Power Cost Adjustment: All kWh @ Determined by Seller

POWER COST ADJUSTMENT

The Seller shall determine the Power Cost Adjustment subject to power supplier charges and credits.

DETERMINATION OF BILLING DEMAND

The billing demand shall be the average kW supplied during the 30 minute period of maximum use during the preceding month for which the bill is rendered, as recorded by the demand meter.

MINIMUM MONTHLY CHARGE

The minimum monthly charge shall be the Monthly Service Charge plus any obligation to Sellers power supply cost.

0052: Municipal Street Light

AVAILABILITY

Available to City governments, Nevada Department of Transportation and the Wells Indian Colony who are served by the Company, subject to the established rules and regulations of the Seller.

TYPE OF SERVICE

This schedule is for service required for the lighting of public streets, through fares, alleys and public grounds where service is supplied from the Company owned electrical distribution system.

MONTHLY RATE

200 watt Municipal Street Light $8.78

Power Cost Adjustment: All kWh @ Determined by Seller, based on assumed consumption of 70 kWh for 100 watt devices and 158 kWh for 200 watt devices

SPECIFICATION AND SERVICE

Fixtures will be of standard roadway lighting design and in accordance with the Company’s specifications. Service under this schedule is unmetered and lights shall operate from dusk to dawn, operated by photoelectric controls.

CONDITIONS OF SERVICE

1. The Company shall maintain and operate the lighting equipment including pole, lamp, bracket attachment and control device.
2. The Company shall maintain the lighting equipment including the lamp replacement at no additional cost to the consumer. The consumer will assume responsibility and pay for damage caused by its own negligence or that of third parties.

0101: Net Metering Tariff

AVAILABILITY

Available to all members for all uses subject to the established rules and regulations of the Company.

TYPE OF SERVICE

Three-phase or single-phase.

RATE

1. Service Charge: A service charge will be billed for each meter, at all points of generation and consumption, at the rate that would be billed for the connection consumption meter absent off-setting member generation.

2. Energy Charge: Consumption will be charged at the rate that would be billed for the connecting consumption meter absent off-setting member generation.

3. Energy Payment: Payment for generation in excess of consumption will be made at the Company’s avoided cost of energy as determined by the Company.

   3.1 FY 2014-15 rate period avoided cost of energy: All kWh @ 2.894 cents

4. Power Cost Adjustment: All kWh at a rate to be determined by the Company, to recover any additional power supply charges incurred by the Company associated with providing electric service to members.

MONTHLY MINIMUM CHARGES

The monthly minimum charge shall be the Service Charge(s).

TERMS OF BILLING AND PAYMENT

1. If the member generates less energy than they consume in any given billing period the net amount of energy will be billed to the member.

2. If the member generates more energy than they consume in any given billing period, the net amount of energy will be banked for the member during the calendar year. The member shall receive credit against consumption from the banked amount of energy on each successive billing period that the member consumes more energy than is generated, up to the amount banked. Any remaining amounts of energy banked at the end of the calendar year shall be purchased by the Company at the rate established by this tariff and paid to the member.

3. If payment is due the Company, the above rates are net, due and payable within
twenty (20) days from the date of the bill.
4. If payment is due to the consumer, the above rates are net, due and payable within
twenty (20) days from the date of the bill. The Company will not make payment if
the net amount due the member does not exceed ten (10) dollars. However, the
credit will be applied to the member’s account.

REVISED: May 12, 2010
EFFECTIVE DATE: The first billing date following June 1, 2010
